**Superintendent's Report** - Mr. Heflinger commented on the following. There is a group of Superintendent's State wide who are continuing to work and lobby on the Legislature for the current standards, accountability measures and the current graduation requirements. The group anticipates holding a meeting in mass in Columbus in November. There are about two hundred Superintendents signed up to participate and I will keep you posted as we move forward. The general thrust is that there are too many tests and that given the opportunity to reduce tests, the State is not taking them and that the new point system for graduation is going to create difficulty for a great number of students.

- **Legislative Liaison Report**
- **Recognition of visitors**

Public participation is encouraged during this portion of the Field Local business meeting. If you have questions, suggestions, or concerns, your first contact should be with the teacher or principal at the school building level. If you are not satisfied with the response you may contact the superintendent. By following this procedure, you will generally receive a prompt, informed response. The Board of Education recognizes the value of public comment on educational issues and the importance of allowing citizens to present helpful suggestions for the school district. Public participation at board meetings is governed by the following guidelines:

Public comment is permitted during the recognition of visitors portion of the meeting and will not exceed thirty minutes total. Attendees must register their intention to participate in the public portion of the meeting upon their arrival at the meeting. Speakers must be recognized by the presiding officer and preface their comments by stating their name, address, and group affiliation, if appropriate. Each speaker is limited to three minutes and may not speak twice on the same subject until all have spoken. Persons desiring more time should follow the procedure of the board to be placed on the regular agenda. All statements shall be directed to the presiding officer; no person may address or question Board members individually.
