OFFICE OF THE SUPERINTENDENT
FIELD LOCAL SCHOOL DISTRICT

STUDENTS
5113/PAGE 2 OF 2

Exceptions to the above may be made depending upon the scheduling requirements of the school and the student. Space available basis is defined by seating availability, state maximum enrollment in vocational and special education programs, and other limiting factors.

Criteria for Acceptance

No student who has been suspended or expelled from school for more than ten (10) consecutive days during the present or most recent semester will be accepted.

Applications from students being served under an Individual Education Plan shall not be considered if the District is not currently providing the services called for in the IEP.

With the exception of students whose parents or legal guardians are employees of the Field Local Schools, no student will be accepted after capacity limits have been reached at the student's grade level.

Students who are accepted for open enrollment will be required to reapply each year. Students currently enrolled under open enrollment provisions will receive admission preference over new applicants.

Ohio High School Athletic Association (OHSAA) rules will govern all athletic eligibility decisions.

School transportation will be provided only within the limits of the Field Local School District.

Native students whose parents or legal guardians move from the Field Local School District into another school district will be allowed to continue in the Field Schools for the remainder of the school year if they choose to apply for open enrollment admission.

Revised 6/00
