

PARENT MENTOR FAMILY SURVEY

As a Parent Mentor of Field Local Schools, it is my job to support the relationship between school and family. I can provide information and support to families about special education issues. Along with making sure the district receives the perspective and input from our families.

In order to better serve you and our students with special needs, I am asking you to supply information about your child and information about the best way to communicate with you. The information you provide here will help me understand the support you are looking for and what kinds of services can benefit your family.

Along with that information you provide, you can also stay informed by checking out the "**Special Services Department**" section on Field Local School's website! You can find lots of helpful information, web links and upcoming events at www.fieldlocalschools.org (departments – Special Services)

I look forward to hearing from you!

Thank you,

Christina Matthews
Parent Mentor for Field Local Schools
Christina.matthews@fieldlocalschools.org

.....

Please complete the information here and return it to your child's teacher to be forwarded to the **Special Services Department**.
