Maplewood and CCP Parents/Students

This is a reminder that Maplewood and CCP students are Field Students. Communication with your student is very important. We want to make sure they get the same opportunities at the end of the year as do the students who are here at FHS.

It is important they are a member of the Senior Class Google Classroom and you and your student sign up for the Remind text messages. This is where we will be posting information throughout the end of the year about all of the events and current unplanned events that may come up. Things do change and it is important to be signed up.

- The class code for Google Classroom is: **nuefeij**
- The notification information for Remind is
 - Text the number 81010
 - Text body is @field2024
